

West Coast Active Riders is now offering the WCAR 2007 Meritorious Rider Grant applications! Deadline December 27th – apply today!

Each of two deserving young riders will be awarded a grant comprised of **showing and stabling fees totaling \$5,000**, equaling \$1,000 credit at five West Coast horse shows including The Oaks, Del Mar, LAEC, Pebble Beach and Brookside. The grants will be awarded according to academic as well as equestrian merit and financial need.

For those of you unfamiliar with WCAR, the mission of West Coast Active Riders is to support and promote the riding abilities of show-jumping riders of all levels who compete primarily in the western United States. By providing Grand Prix riders with the experience and education of riding in International show-jumping competitions, West Coast Active Riders prepares high-performance athletes for the selection trials of International Championship level competitions such as the Olympics, the Pan American Games and the World Equestrian Games.

Additionally, WCAR is actively committed to assisting outstanding Junior and Amateur riders through grants, showing stipends and competition opportunities. It is our hope that these opportunities will help more West Coast show-jumping riders realize their goals of competing at an International level.

The Meritorious Rider Grant Program will enable two up-and-coming riders who are dedicated to their education and the sport of show jumping the opportunity to compete at horse shows they may otherwise not have attended.

Please review and share the attached scholarship with any young rider you feel is eligible and deserving. Please note there is no application fee, but all applicants must be WCAR Members. See more details at www.westcoastactiveriders.com <<http://www.westcoastactiveriders.com/>>

Best,

Patty Stitson for West Coast Active Riders
